***Lee-Ann's unique ability to drill down into data sets, predict outcomes and explain details is a vital asset to IPC's operational growth and financial success.***

## Lee-Ann King

---

*Accounting & Human Resources Manager*

Lee-Ann King is a dynamic team leader with more than three decades of accounting and human resources experience in the automotive aftermarket. Winning IPC's Customer Satisfaction Award numerous times over the years, Lee-Ann thrives in high-pressure environments and enjoys learning new processes while developing her team. Her goal is to not only deliver exceptional service to those outside the organization, but also enhance the experience for everyone that works around her.

As a cross-functional all-star, Lee-Ann works closely with vendors and multiple internal departments within the organization – skillfully monitoring internal controls, team building, training, and reporting. Lee-Ann is an accomplished financial reporting analyst who enjoys preparing and presenting financial results to our internal management team. Her unique ability to drill down into financial data sets, predict outcomes and explain details is a vital asset to IPC's operational growth and financial success.

*Lee-Ann holds a bachelor's degree in Business from Eastern Nazarene college. She has two children and currently resides in Rockland Massachusetts. In her leisure time you can catch Lee-Ann enjoying a concert, traveling, or surrounding herself with friends and family.*
